Mayor Crosby also enlarged the legend for the 2010 City of Cascade Impact Area & Zoning Planimetric Base Map on page 3 and updated the Cascade Functional Street Classification map on page 22. The City of Cascade Zoning Map 2009 (Map 6) on page 113 and City of Cascade Future Land Use Overlay Zones (Map 7) on page 114 were left untouched pending further updates.

Written Correspondence was received on February 16, 2018 from the Cascade Chamber President Sharon Bixler for incorporation into the Comprehensive Plan. NEUTRAL: No neutral

PROPONENT: No proponent

REBUTTAL: No rebuttal required

DISCUSSION No further discussion.

Public Hearing closed, Regular City Council meeting reopened at 7:00 pm. Mayor Crosby asked for any comments/discussion regarding Rob Terry's concern regarding reference to a Regional Airport. Councilmember Byrne agrees with Rob Terry that the reference to Regional Airport may not be realistic. Councilmember Herrick believes since the Comprehensive Plan is a long-range planning tool there is no harm leaving the Regional Airport reference in the document. At some point, someone felt it necessary to insert the Regional Airport concept language into the comprehensive plan. City Clerk referenced there is only four (4) references to a Regional Airport, none with action items. Councilmember Hull believes that the Regional Airport reference needs to be removed; furthermore, she believes that we are pushing approval of the Comprehensive Plan Update through and feels more time needs to be spent on it.

Councilmember Hull would like to have a committee formed to review and revise the Comprehensive Plan. Further detailed discussion regarding further revisions needed before approving the Comprehensive Plan.
