# FIRST REGULAR MEETING September 9, 2019 at 6:00 pm Cascade City Hall

# **MINUTES**

#### CALL TO ORDER AND ROLL CALL

The meeting of the Cascade City Council was called to order at 6:01 P.M. Council members Tom Byrne, Cynda Herrick, and Rachel Huckaby, were present. Quorum exists.

Also present: Heather Soelberg City Clerk

Steve Yamamoto Superintendent Matt Johnson City Attorney

#### PLEDGE OF ALLEGIANCE

Pledge of Allegiance was recited.

#### PUBLIC COMMENT

Public comment is limited to three (3) minutes per person, per item, unless additional time is permitted by the presiding official.

Karen Balch inquired regarding the River District, clarification that the River District is not on the Agenda. Inquiry regarding the Horrock's Engineers Task Order.

Cynda Herrick inquired about the Building Inspector and the FEMA Ordinance. She has also asked that the City look at making changes to the FEMA Ordinance.

Rachel Huckaby requested that the Annexation be put on the Agenda to discuss again/further. Discussion regarding putting it on the meeting agenda at the River District Special Meeting scheduled on September 19, 2019.

Karen Dodge requested that the general public have available regarding Army Corp and other items that have been received (presumably regarding River District). Mayor Nissula clarified the City has not received any new information recently and clarified that the information she would like should be requested through a public records request.

Olin Balch inquired whether the Army Corp report would be available before the September 19, 2019 meeting. Councilmember Huckaby identified that if the City has not received required information then they would not be making a decision on the matter.

# **Library Report to City Council**

September 9, 2019

**Looking Back: Updates Since Last Department Report (August 12th)** 

<u>Library Open House</u> – The library had a very successful open house event on August 24<sup>th</sup>, in conjunction with Chalk on the Walk. About 75 people came to the library, including several families with children. We offered face-painting, food, and interactive science demonstrations in the Remington's parking lot behind our building. Several people attended the open house who had never been to the library, or who had not been in a long time, and we were able to sign some folks up for memberships.

<u>Change in check-out length</u> – On September 2 the library began enforcing a 14-day checkout period, to align with board policy. Previously, the checkout period was 21 days (3 weeks). Any questions or feedback about this change should be directed to the library manager (Amelia) in writing (email or paper) and I will pass them along to the Board for review and consideration.

<u>STEM Discovery Kits</u> – The STEM Discovery Kits designed and built by our summer intern are now ready to be checked out. Please encourage any kids (or kids at heart) to stop by and take a look. There are six kits including a bug hunt, a flower press, a code-a-pillar, a kit about bees, a kit about plant adaptation, and a duplo building blocks set. We also received a "Dot and Dash" robotics kit from the U of I Extension office that will be ready for checkout soon.

#### **Looking Ahead: Upcoming Events & Info**

<u>September 21<sup>st</sup></u> – Old Mill Days and Star Party. The library will be participating in both of these events.

### **Impact & Value**

<u>August figures</u> (excludes Open House): Averaged 28 unique visitor per day. Highest visitor day was 51 visitors, lowest was 14. These figures are slightly lower than July's numbers, but higher than comparable figures for April, May, and June.

<u>Community Partnerships</u> – The library has been working with other community groups to coordinate programs and identify service gaps that we can help fill. We have coordinated with the After School Program to identify opportunities for after-school activities, and we have submitted a grant to implement a kindergarten readiness program in collaboration with the school.
