Water and Sewer Rate Increase Effective 10/01/20

Your November 2020 bill will reflect this rate increase.

Water Services	From	To	+ or -
Water use	\$ 7.50	\$ 7.50	\$.00
Water base	\$14.63	\$15.67	\$1.04
Water Improvement	\$23.97	\$23.14	\$.83
Increase in water services of			\$.21

Sewer Services	From	To	+ or -
Sewer base	\$22.11	\$22.92	\$.81
Sewer Improvement 1	\$ 2.83	\$ 2.86	\$.03
Sewer Improvement 2	\$ 8.36	\$ 8.52	\$.16
Increase in sewer services of			\$1.00

Your water bill will increase from \$79.40 to \$80.61.

The water use rate includes your first 7,000 gallons and the charge per gallon beyond the 7,000 gallons will continue to be billed at \$0.0075 per gallon or an additional \$7.50 per thousand gallons.

Planning and Zoning

The City of Cascade has a position open on the Planning and Zoning Committee for interested individuals that meet the following requirements.

- Full time resident of the City of Cascade
- Minimum three years residency.

If you are interested, please submit a letter of interest to:
clerk@cascadeid.us

or mail to

City Hall P.O. Box 649 Cascade, ID 83611

Monthly Water Testing Results

Collection Date:
Collection Times:
9/29/20 9:18 and 9:21 am

Results
In compliance.
No exceedences.

If it keeps up, man will atrophy all his limbs but the push-button finger.

ROADS - Parking

The City of Cascade would like to remind you to keep the streets clear for snow removal operations.

Cascade City Code (7-2-2) limits parking of motor vehicles on any street or alley within the City for a period of no longer than two (2) hours.

The City of Cascade appreciates your cooperation in helping keep our streets safe and clear of snow.

Thank you!

Please, **BE WATER WISE**

Water scarcity is both a natural and man-made phenomenon.

There is enough water on the planet for six billion people but it is distributed unevenly and too much of it is wasted, polluted and unsustainably managed.

Water managers typically assess scarcity by looking at the population-water equation. An area is experiencing water scarcity when annual water supplies drop below 1,700 m² per person.

When annual water supplies drop below 1,000 m² per person, the population faces water scarcity, and below 500 cubic meters “absolute scarcity”

Source document: Idaho Rural Water

Current world population is estimated at 7.8 billion.

Don't Forget

Disconnect hoses from bibs. Drip Faucets. Wrap pipes where you can. Do not “run” toilets.

WINTER CHECKLIST

- Get the furnace checked and change furnace filters.
- Keep the pipes warm. Don't forget the hose spigot.
- Put away the gardening supplies.
- Bring ceramic planters indoors.
- Protect your plants.
- Clean out gutters.
- Tune up the snow blower
- Check your carbon monoxide and smoke detectors.

Carefulness costs you nothing.

Give Thanks.

I am not a trash can!

It's That Time of Year...

Your water meter will not be read again until April, 2021. At that time, water use over the monthly 7K gallon allotment between October and March will be “caught up” on the April 2021 bill. You will continue to be billed monthly throughout winter.

CALL BEFORE YOU BUILD OR PLACE
 Foundations - Remodel - Fences and Sheds
 and *everything* A-Z
Call first 208-315-0691

!! ATTENTION !!
 Effective January 1, 2021
 The 2018 IBC (International Building Code) will be in effect in addition to the city building codes current at that time.

XPRESS BILL PAY
Stop paying late fees.

Give us a call, we'll set it up for you in a matter of minutes.
