Please, **BE WATER WISE**

Conserving water **reduces wear and tear on major resources such as water and wastewater treatment plants and the distribution systems that deliver water to the public.** Using less water can also enable us to become more flexible during times when there is a water shortage.

Practice Creative Conservation through the use of

- Greywater recycling systems
- Rainwater harvesting
- Efficient irrigation technologies
- Water metering
- Pressure reducing valves
- Insulated pipes
- Efficient taps
- Water saving showers.
