Monthly Water Testing Results

Public utilities are required by law to take many expensive samples each month. They also must pay the employees that run them, as well as cover administrative costs.

The City of Cascade tests drinking water based on requirements specific to our permit. The testing locations are dictated by Idaho DEQ based on our water distribution system. Water testing occurs in areas with close proximity to our gravity fed tanks and end of the line locations.

Collection Date and Collection Times:

09/04/25 at 10 am, 10:15 am

Results:

In compliance.
No exceedances.

As a job seeker,
remember this: You
only lack experience
if they want it done
the same old way.
