Monthly Water Testing Results

Public utilities are required by law to take many expensive samples each month. They also must pay the employees that run them, as well as cover administrative costs.

The City of Cascade tests drinking water based on requirements specific to our permit. The testing locations are dictated by Idaho DEQ based on our water distribution system. Water testing occurs in areas with close proximity to our gravity fed tanks and end of the line locations.

Collection Date and Collection Times:
02/04/26 at 8:27 am, 8:40 am

Results:
In compliance.
No exceedances.

When a fresh springtime breeze embraces you — fling your arms wide open and hug it right back!

Cascade City Code - Title 5, Chapter 2, Section 4

Parking Regulations

To maintain safety and allow city and emergency personnel access to properly maintain city streets; no parking is allowed in a city right of way (ROW) with the exception of a 2-hour window. Storing your vehicle, cleaning, or performing maintenance on your car in the city ROW is prohibited. *City Code 7-2-2(A)*

Be familiar with the location of your property pins. Be aware that City right of way extends beyond the visible road bed. A good rule of thumb would be to park well within your property lines.
